

LETTERS OF APPRECIATION

SAIACS- South Asia Institute of Advanced Christian Studies

Date: March 6, 2013

Dear Dr.Prashantham

“The feedback was overwhelmingly positive. They even want all departments to have a taste of this experience! They valued the tight structure of the programme, the theory and demos before they started practical work, the interaction with other students (especially the non-Christians). Very especially, they spoke high praise of you and Mrs. Prashantham, in the way you guided them through this internship and cared for them.

We express our heartfelt appreciation for this making this collaboration and cooperation possible. Our students have grown in maturity and in professional skills and in confidence—thank you!”

Dear Dr.Prashantham

“The response was very warm and appreciative. The students were taken by your passion for the subject. They recognize what you bring from your long experience in the field as deeply “enriching.” What is more, they see you as humble and compassionate—that is decidedly high praise!

From the Academic Office, we wish to thank you for the time you invested in SAIACS. Please be assured it is much valued!”

Respected Sir,

“ Our students and staff reached safely. They enjoyed the stay at your institute. They also learned practical application of counseling through interactive and skill practise sessions. They liked the hospitality and co-operation of the staff over there.

They also strongly reccomended 8 or 10 days short course for the next batch. I hope we would have this opportunity next year.”

Dear Dr.Prashantham

“This is to express our deepest gratitude to you for your presence at the seminar (Proceedings of the National Seminar). It was very humbling for us to have a person of your stature spare your time, travel all the way and be with us.

Both teachers and students took home a lot from your session. Especially the need to be culturally sensitive and empathic with the client. Thank you for also highlighting the need for clinical supervision for budding counselors. Thank you once again and we look forward to you long and continued association with us.”

Dear Dr.Prashantham and Mrs.Meena Prashantham,

We are very great full to you for giving counselling classes to the students of IX batch of Pravaham community college in life coping skill for four weeks. It is indeed a great privilege for these students to enter in to the portals of Christian counselling centre and get a certificate. Our students were immensely benefitted by the counselling classes and it made a great impact on their lives. We are touched by your love and concern towards these students who come from Dalit and other marginalizes communities. Thank you for your continued support to Pravaham and for waiving the course fee yet again this year.
